TO: BOARDS OF MANAGEMENT, PRINCIPALS AND TEACHING STAFF OF
POST- PRIMARY SCHOOLS IN GAELTACHT LANGUAGE-PLANNING AREAS,
AND TO THE CHIEF EXECUTIVES OF EDUCATION AND TRAINING BOARDS

POLICY ON GAELTACHT EDUCATION 2017-2022
POST-PRIMARY SCHOOLS IN GAELTACHT LANGUAGE-PLANNING AREAS
PARTICIPATING IN THE
GAELTACHT SCHOOL RECOGNITION SCHEME

Ongoing Implementation of the Scheme (2021 2022)

1. Purpose of Circular

The purpose of this Circular is to inform school authorities of the next steps to be taken by the Department of Education (Department) and by post-primary schools in relation to the continuing implementation of the Gaeltacht School Recognition Scheme (Scheme) in 2021/2022. This Circular follows on from Circulars 0034/2017, 0022/2018, 0010/2019 and 0011/2020, which outlined the initial implementation phases of the Scheme covering the period from 2017 to 2020/21.

Summary of key messages

- Due to the impact of COVID-19, schools have been unable to implement the full range of Policy on Gaeltacht Education and Gaeltacht School Recognition Scheme actions. Also arising from the pandemic, Inspectorate advisory visits, continuing professional development (CPD) provided by An Chomhairle um Oideachas Gaeltachta agus Gaelscolaíochta (COGG), and Educational Research Centre (ERC) assessments in schools, were interrupted. Therefore, in order to allow schools the full opportunity to implement the range of actions which they had planned, the timeframe of the Gaeltacht School Recognition Scheme has been extended by two years i.e. to the end of the 2023/24 school year. The additional supports provided for schools participating in the Gaeltacht School Recognition Scheme will continue during this extended period, subject to the normal conditions set out in annual circulars related to the Gaeltacht School Recognition Scheme.

- Schools should plan for the continuing implementation of the Gaeltacht School Recognition Scheme to improve the quality of immersion education by reviewing

1 In the context of a Gaeltacht post-primary school, immersion education refers to the practice of
existing targets, identifying new targets and actions, and monitoring progress to
fulfil the language-based criteria (Appendix 1) in order to achieve recognition as
a Gaeltacht school.

- Additional targeted resources, including language-support hours for Irish, a grant
  for Irish-medium resources, continuing professional development (CPD) and
  Inspectorate advisory visits/sessions, will continue to be provided to support
  schools’ ongoing participation in the Scheme.

- During the 2021/22 school year, the Inspectorate’s advisory sessions will focus,
in particular, on gathering evidence on the progress made by schools in the
implementation of the language-based criteria to strengthen immersion
education. Examples of best practice will also be identified in collaboration with
schools. Due to the unprecedented and unexpected circumstances arising from
the global pandemic, online advisory sessions with schools will be facilitated,
where it is not possible to carry out face-to-face visits.

Appendices attached to this Circular:

Appendix 1: Language-based criteria for recognition as a Gaeltacht post-primary
school

Appendix 2: Guide on how to make the most effective use of the additional
support hours for Irish

2. Programme of supports for post-primary schools in the Scheme (2021-2022)

As provided for in previous Circulars (0034/2017, 0022/2018, 0010/2019 and
0011/2020), post-primary schools participating in the Scheme working to fulfil
the language-based criteria (Appendix 1) are eligible to access additional
resources and supports to strengthen immersion education. These additional
supports will continue to be made available to post-primary schools in the
Scheme in the 2021/22 school year, as outlined below:

- Language-support hours for Irish

<table>

- The language-support hours for Irish should be used solely to support the identified
  needs of native speakers and learners of Irish in order to develop and enrich their
teaching all curriculum areas entirely through the medium of Irish, apart from the English and foreign
language curricula.
proficiency in Irish, and in particular, in oral Irish. **Appendix 2** provides additional guidance on how best to use these language-support hours for Irish. The use of these hours will continue to be monitored during Inspectorate advisory sessions/visits.

- The language-support hours for Irish will be allocated to post-primary schools participating in the Scheme on the Staffing Schedule. Schools will be expected to manage the allocation of these language-support hours for Irish effectively to ensure the maximum benefit for students’ learning through the medium of Irish.

- As set out in Circular 0011/2020, where a post-primary school is in a supernumerary position and a teacher is awarded a contract of indefinite duration (CID) as a result of the school’s allocation for the Gaeltacht School Recognition Scheme, the CID hours will be offset against the Gaeltacht Scheme allocation.

- **Grant allocation:** In May 2021, a grant of €1200 will be paid to each post-primary school participating in the Scheme for the purchase of additional Irish-medium teaching resources to support the provision of high-quality immersion education. A list of resources available in Irish and for teaching through Irish can be accessed on the website of COGG at [www.cogg.ie](http://www.cogg.ie).

For audit purposes, in accordance with public procurement and financial procedures (see provisions of Department of Public Expenditure and Reform: Circular 0013/2014), schools are required to retain all receipts and records of expenditure incurred. School authorities must also ensure that the requirements of the Department of Public Expenditure and Reform and the Department of Education are met in the public procurement, usage and disposal of assets.

- **Continuing Professional Development (CPD):** Post-primary schools participating in the Scheme will be provided with additional CPD by COGG, in collaboration with other national support services as appropriate. A combination of distance-learning webinars and face-to-face sessions (when possible) will continue to be provided to support the evolving CPD needs of schools in implementing immersion education. COGG will facilitate opportunities for the development of principal and teacher online networks to enable the identification and sharing of good practice. CPD will be delivered in accordance with the public health guidelines pertaining at that time. Every effort will be made to protect and minimise disruption to student-teacher contact time.

Where necessary, and as resources permit, substitute cover for attendance at the COGG seminars/workshops will be provided in 2021/22 through the Online Claims System (OLCS) or under the management of the relevant Education and Training Board (ETB), up to a maximum of 2 days for 2 teachers in participating post-primary schools. These days may be claimed from the OLCS by selecting the following options: **Continuing Professional Development/Professional Activities - Gaeltacht Education Policy/Polasaí um Oideachas Gaeltachta.**

Details in relation to CPD plans for schools participating in the Scheme will be provided by COGG. In addition, all schools in the Scheme can apply to the
Professional Development Service for Teachers for customised school support in all areas of teaching, learning and school self-evaluation at this [LINK](#).

- **The e-Hub pilot project**: The additional support provided for the implementation of the e-Hub pilot project for Leaving Certificate Physics in post-primary schools will continue in the 2021/22 school year. The aim of the pilot project is to extend the range of subject options available through the medium of Irish to students in post-primary schools in the Gaeltacht. Additional funding, for digital technology resources and student supervision arrangements, will be allocated to any new receiver post-primary schools selected for the Leaving Certificate e-Hub project from September 2021.

  The findings of an independent evaluation of the e-Hub pilot project, carried out by the Education and Training Inspectorate Northern Ireland in 2020, will be published on the Department’s website in early 2021. This will inform the potential extension of the e-Hub project.

- **Forás**: The implementation of the Irish-language development pilot programme (Forás) will continue in the school year 2021/22 in two post-primary schools in the Gaeltacht. This pilot programme involves the allocation of one additional whole-time equivalent teacher to each of the two selected post-primary schools. The objective of the project is to support, over a transitional period, junior cycle students who have an evident need to develop their Irish-language skills so that they can access the curriculum through the medium of Irish. Implementation of the Forás pilot project will be kept under review during the 2021/22 school year.

- **The Guide for Gaeltacht Post-Primary Schools: Indicators of Good Practice for Immersion Education**, published in December 2020, will provide practical support for boards of managements/Education and Training Boards and schools on how best to implement high quality immersion education.

  The Guide can be used by schools to:
  - reflect on teaching and learning practices through the medium of Irish in the Gaeltacht school
  - guide professional discussion on learning, teaching, management and leadership to support the implementation of immersion education
  - identify, develop and extend good practice in immersion education
  - identify targets and actions to fulfil the language-based criteria for immersion education
  - reflect on good governance practice in relation to the implementation of immersion education.

- **COGG Web Portal**: Language resources for the Gaeltacht and Irish-medium sectors will continue to be developed in 2021/22. The COGG web portal will be linked to Scoilnet and relevant websites and will support whole-school planning, teaching, learning and assessment. All Gaeltacht schools will be informed of the range of Irish-language teaching and learning resources available on the portal.
Support will be provided to schools on how to access and use the online resources, and on how their own resources can be developed and shared.

- **Special Education in Immersion Settings:** Research commissioned by COGG is underway to inform the development of a Guide for Gaeltacht schools on special education in Irish-medium immersion education settings to support the implementation of the Department’s *Guidelines for Post-Primary Schools Supporting Students with Special Educational Needs in Mainstream Schools* (Appendix 4).

- **Links with the language-planning process:** A guide for schools will be developed by the Department of Education in collaboration with the Department of Tourism, Culture, Arts, Gaeltacht, Sport and Media, Údarás na Gaeltachta, COGG, Gaeloideachas and other relevant agencies, to provide information on how best to strengthen links, engagement and participation between the school management, wider school community and the local language-planning committee.

- **Inspectorate Support:** Inspectors will carry out advisory visits/sessions to provide support for schools in implementing the language-based criteria to achieve Gaeltacht school recognition. They will also provide information on progress being made by schools to the Department of Education. In collaboration with schools, inspectors will assist in the identification of examples of innovative practice in the provision of high-quality immersion education. Due to the exceptional circumstances arising from the global pandemic, online advisory sessions will be provided for schools, where it is not possible to carry out face-to-face visits.

- **Event to celebrate and share good practice:** Depending on circumstances relating to COVID-19, a shared-learning event, originally planned for late 2020, will be organised in 2022 to celebrate and share examples of innovative practice in immersion education in schools participating in the Scheme. Further details about this event will be circulated to schools in the Scheme in due course.

### 3. Whole-school action-planning to strengthen immersion education

School self-evaluation facilitates schools to engage in a cyclical action-planning process that includes regular review to improve quality of provision in schools. The action-planning for improvement process should involve gathering evidence, making judgements, setting specific targets, implementing actions, monitoring and reviewing progress against targets and setting new targets to strengthen the quality of immersion education in schools.

Schools participating in the DEIS (Delivering Equality of Opportunity in Schools) programme and in the Gaeltacht School Recognition Scheme are required to continue to identify and review targets and actions for improvement, and to record these in a **single clearly-labelled action-planning document**. The DEIS themes² and language-based criteria for immersion education, and/or any other SSE priority

---

² DEIS Plan 2017 - Themes: attendance, retention, progression, literacy and numeracy, leadership, wellbeing, continuing professional development (CPD), transitions, partnership with parents, partnership with other schools, educational providers and external agencies, academic outcomes, and improvements in examination attainment.
area(s), should be incorporated under relevant headings in the action plan to facilitate the monitoring of progress and development.

Schools should share a short summary of the school’s self-evaluation report and school-improvement plan with their school community annually.

4. Research on and evaluation of the Gaeltacht School Recognition Scheme – Phase 2

The Gaeltacht School Recognition Scheme is based on the ongoing development and enhancement of immersion education through the school self-evaluation (SSE) process, which guides the identification, implementation and ongoing review of targets and actions. Participation in the Scheme also encourages the fostering of purposeful links between the school community and local language-planning committees to extend the use of Irish in Gaeltacht communities.

A three-year Research and Evaluation Study plan has been developed by the Gaeltacht Education Unit in collaboration with the ERC and the Inspectorate to evaluate the impact and outcomes of the Gaeltacht School Recognition Scheme in order to inform future policy and practice in schools. The findings from the research and evaluation study will identify the strengths of the Scheme and the areas requiring further development in order to fulfil the language-based criteria to gain recognition as a Gaeltacht school. An Interim Composite Report on the initial findings from the research and evaluation study will be published on the Department’s website in spring 2021. The Research and Evaluation study will continue during 2021/22.

5. Further Information/FAQs

The continuing participation of schools in the Scheme will be contingent on satisfying the conditions of this Circular and any other circulars relating to the Scheme. Where the Department, at any time, determines that the conditions of the Scheme are not being fulfilled, the right is reserved to remove a school from the Scheme. If there is dissatisfaction with the Department’s decision regarding any specific aspect of the administration of the Scheme, an appeal will be considered by an independent panel.

The Gaeltacht Education Unit in the Department of Education will continue to oversee, manage and support the implementation of the Policy on Gaeltacht Education 2017-2022 and the Gaeltacht School Recognition Scheme in this next implementation phase.

Additional information and updates on the Gaeltacht School Recognition Scheme and on the Policy on Gaeltacht Education 2017-2022 are published regularly on the Department’s website. A frequently-asked questions (FAQs) document is also available on the Department’s website and these will continue to be updated.

Queries in relation to the operation of the Scheme or the Policy on Gaeltacht Education 2017-2022 should be emailed to aog@education.gov.ie.
Principals of post-primary schools in Gaeltacht language-planning areas are asked to please bring this Circular to the attention of each member of the board of management/education and training board, teachers (including those on leave of absence), the school patron, ancillary staff, parents/guardians, and the local school community.

This Circular can be accessed on the Department’s website at the following LINK: www.education.ie

---

\(^3\) A native speaker of Irish is defined as a child who is raised through Irish in an Irish-language community and whose parents speak Irish as the main language of communication in the home, and that this is declared when he/she is enrolled in the school (Policy on Gaeltacht Education 2017-2022, p 11)

\(^4\) L1 refers to Irish as the main language of the school in relation to teaching and learning, and communication in official, administrative and recreational affairs.
Appendix 2
Guide on how to make the most effective use of the additional support hours for Irish

At school management level

- The school’s board of management and senior management team should monitor continuously how successfully the additional support hours for Irish are implemented to improve students' learning. The effectiveness of provision should be reviewed regularly through the school self-evaluation process.
- Collaboration at whole-school and class levels is required so that the role and responsibilities of subject teachers, the Irish teachers, special education teacher(s), the support teacher for Irish and the language assistant are agreed in order to provide differentiated language support for students.

Planning for teaching and assessment in collaboration with subject teachers

- Both formative and summative assessments of the students’ language competence in Irish should be carried out to monitor their progress, and this should be done in collaboration with other relevant teachers and with the language assistant.
- As part of the school-improvement planning process, schools should make use of recent assessment results to identify the language-learning needs of students. This will assist all teachers to gain a more comprehensive understanding of the language needs of students, and to plan interventions accordingly to address the priority language competences of students.
- Clear records of the progress of all learners in Irish should be maintained to inform the teaching and learning process, and the relevant information should be shared with parents, as appropriate.
- It is particularly important that students’ self-awareness as language learners be developed through the assessment process and it would be beneficial to develop students’ self-assessment and peer-assessment skills.
- In order to develop their independence as learners, it is recommended that students be enabled to develop a language learning log, through which they would self-monitor, in a critical manner, their learning journey. This diary could be designed in a manner that would indicate the students’ desired learning goals, their goals attained, and the learning experiences that proved challenging on their language-learning journey.

At class level

- Students need to be taught the academic language and terminology associated with the various curricular areas. Regular opportunities should be provided to enable pupils to practise and acquire the new terminology in creative and innovative ways.
- The native speaker of Irish provides a rich source for the language development of all students. Their language competence should also be developed and further enriched through group activities and team teaching.
- The use of differentiated teaching strategies, questioning, games and communication tasks is recommended. Enriched language input from the teacher
and participation in interactive tasks, such as project work, role-play, drama, discussion, and cooperative learning, help students to identify and manipulate target structures in the language. This greatly enhances their self-confidence in speaking Irish.

- Students’ participation can be encouraged and their language skills developed through the use of digital technology and digital links, whether students are in school or at home.
- Literature should be used to develop students’ writing and reading skills as well as to develop their language enrichment, accuracy, awareness and creativity in an integrated manner, as laid down in the Specification for Junior Cycle Irish and in the Irish syllabus for the Leaving Certificate.
- It is especially important that students be provided with a wide range of reading and literary material in Irish covering, a wide range of genres, including local and oral literature, which is suited to their interests, age and ability in the language.
- Students should be made aware of celebrated speakers of Irish in the local community and further afield, who are a source of Irish-language enrichment and wisdom. The school should avail of opportunities to invite such guest speakers to stimulate students’ pride in Irish language and culture.

**Outside the class**

- It is through participation in language and cultural events that students’ motivation, language competency and identity as Irish speakers in their own community and beyond are strengthened. Such activities include literary competitions or festivals, entrepreneurship, reporting, debating, arts and sports as well as participation in Irish-language movements and in networks with students in other Irish-medium schools.
