PART A of this Circular which refers to pay increases under FEMPI Act (Unwinding of FEMPI – Public Service Stability Agreement 2018 – 2020) with effect from 1 January and 1 October 2020 applies to:

- School Secretaries and Caretakers employed by Boards of Management of schools and by ETBs in Community National Schools whose pay is funded from the Ancillary Services grant paid to schools by this Department and who are currently paid on a salary scale equivalent to a public service salary scale and
- Cleaners employed by schools whose pay is funded from the ancillary or capitation grant paid to schools by this Department.

PART B of this Circular sets out the revised rates of the Ancillary Services Grant in order to enable schools to pay the revised pay rates set out in Part A during 2020.
The Purpose of the Ancillary Grant

The Ancillary Services Grant is intended to cater for the cost of employing Secretarial and Caretaking staff. This grant is paid to those schools that have not been provided with secretarial and/or caretaking assistance under the 1978/1979 schemes.

If a school has a full-time secretary under the 1978/1979 schemes who is paid directly through the Non-Teaching Staff Payroll operated by the Department, but does not have a caretaker employed under the terms of these schemes, the school is entitled to receive reduced grant assistance in respect of caretaking services.

The same arrangement applies if a school has a full-time caretaker employed under the terms of the 1978/1979 schemes who is paid directly through the Non-Teaching Staff Payroll operated by the Department, but does not have a secretary under these schemes, the school is entitled to receive reduced grant assistance in respect of secretarial services.

The Capitation Grant provided for general running costs and the Ancillary Services Grant provided Secretarial and Caretaking services may be regarded as a common grant from which the Board of Management can allocate according to its own priorities. Please see Circular 0040/2009 for more information which is available at Active Circulars - Department of Education and Skills.

Clustering of schools

In certain areas it may be that schools would wish to cluster with other schools in their locality and use the grant money received by all those schools to employ a person or persons who could undertake secretarial, caretaking or other ancillary work on behalf of all schools in the cluster. The Department would have no difficulty with schools adopting such an approach and it is a matter for schools, in consultation with neighbouring schools, to decide if such a policy is feasible in their own particular circumstances.

The Board of Management of schools who wish to cluster with other schools as outlined above should note the following in relation to ancillary staff working in a number of different schools:

- There must be individual contracts for each school that they are employed in as the Board of Management of each individual school with be the employer.
- There must be individual payslips for each employment.
- The ancillary staff should be paid out of the individual schools bank account. Schools should not share bank accounts in order to pay shared staff.
