5. General Information

Gaeltacht Placement

Attendance and Cost: All students who gain entry to the programme are required to attend two residential placements in the Gaeltacht. Each placement will be of two weeks' duration. It should be noted that this is a **compulsory** part of the programme. The cost of this compulsory placement will not be met by the Department of Education & Skills or the Higher Education Institution.

Student Grants:

Following a change introduced in Budget 2017, the maintenance grant for post-graduate students who meet the qualifying conditions for the special rate of grant has been reintroduced. Such students will be eligible to receive the special rate of maintenance grant from the 2018/19 academic year and have their post-graduate tuition fees paid up to the maximum fee limit of €6,270 under the Student Grant Scheme.

Other postgraduate students who don't meet the qualifying conditions for the special rate of grant, may qualify to have a €2,000 contribution made towards the cost of their fees. The income threshold for this payment is €31,500 for the 2018/19 academic year, increasing relative to the number of family dependents.

Students are advised to submit a fully completed online grant application to SUSI so that their eligibility for grant assistance can be assessed. Further information is available on the SUSI website at www.susi.ie.

Fitness to Practise:

1. *Garda Vetting:* Before a student's registration can be completed, the student must undergo a process of Garda vetting in order to establish whether (s)he has any convictions or criminal charges pending. Where this process confirms the existence of such, the matter is referred to a Vetting Committee within the Higher Education Institution which decides whether the student can continue with his/her programme of study.

2. *Medical Requirements:* Some incoming teacher education students are required to complete a Health Status Information Form, indicating whether they have any significant ongoing illnesses or disabilities which might adversely impact their capacity to meet the requirements of the programme, including School Placement. Entrants who declare health conditions, disabilities or psychological conditions will be assessed on an individual basis to evaluate whether, with reasonable accommodations, they would have the ability to undertake the demands of the programme. Individuals will not be excluded on the grounds that they possess a particular condition or disability if it is deemed likely that it would be possible for that person to fulfil the requirements of the programme with reasonable accommodation(s). The Higher Education Institutions will advise students as to the procedure to be followed in this regard.

During this full-time teacher education programme, participants may **not** engage in business or in any other programme of study without the prior permission of the Higher Education Institution's President/Head of Department.

Further information regarding the programme is available from the applicant's Higher Education Institution of choice.
