Governance Framework

(Drafted in accordance with the Governance Standard for the Civil Service November 2015)
Foreword by Secretary General

I am pleased to introduce the Department’s Governance Framework which encapsulates, into a single resource, our political and operational context, our obligations and responsibilities, our standards of conduct and our accountability mechanisms – all of which support the Department in achieving its objectives and goals in a challenging environment.

The Department is committed to delivering high quality educational outcomes, and has a values-driven management and staff who are open and responsive to changing needs, who behave with integrity and who are dedicated to the achievement of our objectives and goals. The Department is aiming to maintain, and indeed enhance, this reputation through a continued adherence to the highest standards of governance in the Department as outlined in this Framework.

The Department has a responsibility to ensure that appropriate and proportionate arrangements are in place so that the resources in our care are directed and utilised where most needed in order to support our mission to “facilitate individuals through learning, to achieve their full potential and contribute to Ireland’s social, cultural and economic development”.

We recognise that good governance is about delivering priorities, achieving objectives, behaving with integrity and acting in the public interest, and in ways that are consistent with legal, regulatory and Government policy obligations. We believe that it makes a tangible and lasting contribution to our performance and our ability to deliver positive outcomes.

Of course, systems alone cannot deliver good governance. Each member of staff has a role to play in collectively committing to the good governance of the Department through the requirements of this framework in the performance of our duties.

Seán Ó Foghlú
Secretary General
Corporate Governance in the Public Service refers to the systems, procedures, practices and behaviours of an organisation in delivering its stated objectives, statutory obligations, and policy goals in delivering services to citizens in an open, efficient, ethical, fair, and transparent manner.

This framework provides an overview of the structure of the Department including its organisational and management structures. It details the means by which it monitors performance and progress towards achieving its goals, and its role in supporting the Minister for Education and Skills in delivering upon the Government’s commitments and statutory obligations in the Education and Training Sector. The framework outlines the political and operational context in which the Department operates, its obligations and responsibilities, standards of conduct, and its accountability mechanisms.

Scope and Structure
The governance framework sets out the key principles, structures, policies, procedures and control mechanisms in place to support the Department in realising its mission to “facilitate individuals through learning, to achieve their full potential and contribute to Ireland’s social, cultural and economic development”.

The framework comprises five chapters which are organised in line with the key governance principles set out in the Corporate Governance Standard for the Civil Service 2015. The governance framework focuses on high level governance structures and policies within the Department. It includes a number of references and links to other detailed legislative, policy, operational codes, and guidance documents which underpin how the Department strives to ensure good governance within the Department and in the wider Education and Training sector.

The main issues covered in the chapters are as follows:

- **Department overview**: the Department’s Mission; Value, Behaviours and Culture; organisation structures; strategic planning, decision making and performance management; internal communication arrangements; engagement with external stakeholders; and arrangements for review of the framework.
- **Ministerial and Senior Management Roles & Assignment of Responsibilities**: an overview of the roles and responsibilities of the Minister and Minister(s) of State and the Department’s relationship with them; an overview of senior management governance roles and responsibilities including those relating to the Secretary General/Accounting Officer, Special Advisers, and the governance role of all staff; and how responsibility is assigned to officers of the department for the performance of functions.
- **Management Board and other Governance Structures**: the purpose, role and terms of reference of management structures and arrangements in place including Management Board, committees, ad-hoc working groups and senior management structures; and an overview of governance arrangements that span across organisational boundaries.
- **Audit, Assurance and Compliance Arrangements**: internal audit and finance assurance arrangements; and compliance framework.
- **Bodies under the Aegis of the Department**: external governance and oversight arrangements of bodies under the aegis of the Department.
- **Child Protection**: procedures to assist schools in preparing, and publishing their Child Safeguarding Statement.

The framework is designed in a manner that it can be reviewed and developed over time as the governance environment and needs of the department and sector change.

1. Introduction

The Department of Education and Skills operates in a challenging and complex environment, shaped in particular by economic, social, technological, cultural and demographic changes. In recent years, a significant programme of reform has been underway across the Education and Training sector. The reform programme centres on the four key goals of promoting Learning for Life, Improving Quality and Accountability, Supporting Inclusion and Diversity and Building the Right Systems & Infrastructure. In addition, the Department has, under its aegis, a diverse education sector comprising non-commercial agencies, third level institutes and a schools’ sector.

The Department takes a “whole-of-system” approach to strategic planning and implementation across the Education and Training sector. This “joined up” approach enables us to plan and implement an extensive programme of reform and to balance this with the demands of supporting and sustaining the operation of our education and training system.

The Department’s mission¹ is to “facilitate individuals through learning, to achieve their full potential and contribute to Ireland’s social, cultural and economic development”.

Our mission is underpinned by the following values, which provide for the achievement of priority outcomes:

- We value learning as a public good and recognise its role in the development, cohesion and wellbeing of society. We recognise the learner’s place at the centre of policy development.

- As a Department of State, we foster a culture of accountability, efficiency and value for money which is rooted in a public service ethos of independence, integrity, impartiality, openness and respect.

- As Civil Servants we espouse the highest standards of professionalism, honesty, objectivity and quality, which are central to fulfilling our roles in supporting the democratic process and serving the citizen.

- We value quality and are committed to the principle of continuous improvement and being open to external ideas, challenges and debate. We value relationships and working in collaboration within the education sector and with the wider community.

¹Department of Education and Skills Action Plan and Statement of Strategy for Education 2016-2019
Chapter 1 - Department Overview

2. Organisational Structures

The Department’s organisational structure derives from its core work of providing policy advice for decision to the Minister, formulating and implementing Government priorities in the area of education and training, and taking actions to implement Ministerial and Government decisions.

2.1 Senior Management Structures:
The following is the senior management structure within the Department:

- The Minister is the corporation sole\(^2\) of the Department and is accountable to the Government in relation to all functions delegated to him/her by the Government.

- The Government, on nomination of the Taoiseach, appoints the Ministers of State. The Government delegates to the Ministers of State, by way of an Order, powers and duties of the Minister of Education and Skills\(^3\). The role and function of the Ministers of State may also be on an administrative basis.

- The Secretary General is the administrative head and Accounting Officer of the Department and is accountable to the Minister for the discharge of his/her statutory roles and duties as Head of the Department. He/she is the chief policy advisor of the Department, responsible for providing independent advice to the Minister and Ministers of State on issues relevant to the Department.

- The Secretary General is supported in carrying out his/her functions by Heads of Divisions comprising Assistant Secretaries and the Chief Inspector. The Secretary General assigns responsibility for particular Divisions to them while retaining overall accountability to the Minister. The allocation of Divisional responsibilities is set out in the Framework of Assignments but may change according to needs and emerging priorities. The responsibilities of the Chief Inspector include those set out in section 13 of the Education Act, 1998. In addition to their individual Divisional responsibilities, Assistant Secretaries and Chief Inspector are members of the Department’s Management Board. As Members of the Management Board, they lead on their respective Divisional responsibilities and engage on the basis of shared participation and corporate responsibility.

- The Secretary General assigns responsibility to Principal Officers or equivalents as Heads of Sections. These responsibilities sit within the overall management framework for the Department.

Divisions are organised to report to individual members of the Management Board. Accordingly, the organisational structure of the Department is based on 10 functional areas. These areas and those responsible for them are outlined at the end of this Chapter. Further detail on the functions of Units are also available here.

---

\(^2\) Minister and Secretaries Act 1924

\(^3\) Ministers and Secretaries (Amendment) (No. 2) Act 1977
3. Strategic Planning & Decision Making

The Department is required, every three years, or within six months of the appointment of a new Minister to prepare and publish an Action Plan and Statement of Strategy for the Department⁴. The Action Plan and Statement of Strategy is informed by the Programme for Government, and outlines high-level priorities agreed by the Minister. These priorities translate into the Department’s annual work programme and activities of the Divisions.

In developing the Strategy Statement, the Department adheres to the procedures outlined in the Guidelines on the Preparation of Strategy Statements issued by the Department of An Taoiseach. Corporate Services co-ordinate the drafting of the Strategy Statement. The initial engagements on drafting the Strategy takes place between the Secretary General/Management Board and the Minister and his/her Special Advisers. This discussion concerns the key priorities as set out in the Programme for Government for the Minister and Department.

A wide-ranging consultation process for the development of the Strategy takes place thereafter including:

- discussions by the Management Board on the initial drafting of the Statement
- consultations with key senior officials to consider the articulation of key strategies
- discussion by the Department’s SMF to conclude internal considerations on the mission, vision and key strategies
- consultation with key stakeholders and other Government Departments for their input into the Strategy
- consultation with the public to inform the drafting process

The Secretary General submits the draft Action Plan and Statement of Strategy to the Minister and Government for approval and thereafter it is adopted as the foundation of the Department’s strategic priorities. These priorities are monitored and progress noted by a variety of means including those outlined below.

⁴ Public Service Management Act, 1997
4. Business Planning and Performance Management

The Department’s Business Planning framework sets out the annual high-level goals, objectives and targets for each Division and identifies the performance standards and expectations for each individual staff member. The business planning process each year is directed, managed and led by the Management Board who oversee the development and finalisation of Divisional plans.

The Department’s business planning template supports the integration of related business processes such as risk management, workforce planning, projects associated with the Civil Service reform programme and Business Process Improvement (BPI) projects.

Heads of Sections hold business planning meetings with staff and the relevant Management Board member usually attends the meetings. Business planning meetings provide Management Board Members, the Head of Sections and their teams an opportunity to review the achievements and any issues outstanding from the previous year and to form a shared understanding of the opportunities and priorities for the coming year.

Each staff member’s responsibilities, as articulated through business plans, and their performance in delivering upon agreed targets is measured and assessed under the Department’s Performance Management and Development System (PMDS). The PMDS supports managers and staff across the Department to manage and improve performance. Performance Management centres on the role and effectiveness of line managers in setting and agreeing goals for each staff member in line with the objectives of the Department’s Business Plan, and reviewing and strengthening the performance of staff. The formal recording of this information is through a computerised PMDS facility, to which staff have varying degrees of access. Divisional meetings take place regularly to monitor compliance with and progress on business planning and performance management.

4.1 Business Continuity Planning

It is essential that the Department provides for continuity of essential services in order to fulfill its comprehensive programme. Accordingly, the Department’s Business Continuity Plan (BCP) provides an outline of the key risks that could impact significantly on continuing critical business operations within the Department.

Key sections which provide critical services are identified and continuity plans are drafted annually for their services and functions. These sections also plan for and carry out disaster recovery testing and scenario testing to ensure continuity plans are workable in the event of an incident.

5. Annual Report

An annual report on the implementation of the Action Plan and Statement of Strategy is required by the Public Service Management Act 1997. The Annual Report outlines the main achievements and developments during the year to advance the Department’s objectives, as set out in its Statement of Strategy. Material for the Annual Report is provided by each division in the Department. The preparation of the Annual Report is managed by Corporate Services and is signed off by each
Chapter 1 - Department Overview

Management Board member before being submitted to the Secretary General and Minister for their approval. It is then translated into Irish and published in both Irish and English on the Department’s website and laid before the Houses of the Oireachtas.

6. Public Service Reform

6.1 Action Plan for Education
The Action Plan and Statement of Strategy for Education 2016-2019 (“AP-Ed”/“Action Plan”/“Plan”) sets out the Department’s overall ambition to have the best education and training services in Europe by 2026, and outlines the main actions which are being undertaken over this three year period to set about achieving this goal. It was developed following extensive public consultation, with submissions received forming part of the deliberative and drafting processes. The Action Plan also sets out a commitment to publish updated annual action plans, building on the three year targets and outlining new specific and ambitious actions for each 12 month period within the longer term framework. These annual Plans are developed following further public consultations and engagement with key partners. The actions they detail are being delivered by the Department, its agencies and other partners.

Progress on the implementation of the Action Plan framework is monitored through the publication of quarterly progress reports and annual reports. This allows for close tracking of achievements and areas requiring further focus, in order to build and consolidate progress towards the achievement of a long term, sustainable programme of change and reform.

6.2 Our Public Service 2020
The Action Plan framework is being implemented as part of broader public sector reforms, which are led centrally by Department of Public Expenditure and Reform (DPER). The current public service reform plan, Our Public Service 2020, was published in 2017 and notes 18 high-level actions to be implemented over its lifetime. Six of those actions are prioritised for implementation in 2018, and the DES is leading the delivery of one of these, Action 14- Continuous and responsive professional development. The Action Teams include representatives from across the public service, in order to deliver responsive and measurable reforms which will improve the quality of services provided for the public. Monitoring arrangements are being developed in tandem with the reforms, and a Public Service Leadership Board, with membership at Secretary General level, is responsible for overall leadership of the Plan.

7. Behaviour and Culture
As a Civil Service body, the values and behaviours of the Department and of its staff are those of the Civil Service generally - impartiality, integrity, respect for the law, commitment to service and performance. These are the values enshrined in the statutory Civil Service Code of Standards and Behaviour as published by the Standards in Public Office Commission. The Civil Service Renewal Plan (2014) reiterated these values as follows:

- a deep-rooted public service ethos of independence, integrity, impartiality, equality, fairness and respect;
- a culture of accountability, efficiency and value for money; and
- the highest standards of professionalism, leadership and rigour.
In delivering upon the Department’s objectives, and ensuring it achieves priority outcomes, the Department aims to sustain and foster a culture and related values that exemplify ethical behaviour and effective governance. These shared values drive behaviour and define a culture that support the Department’s efforts to deliver its mission in a professional, efficient, fair and balanced manner. An important commitment within the Civil Service Renewal Plan was to conduct three Civil Service Employee Engagement Surveys. The surveys enable staff to provide their views on important work issues like leadership, employee engagement, commitment to the organisation and wellbeing. The results of the 2nd survey, which took place in September 2017 compares favourably to the Department’s 2015 results with improvements indicated across 18 out of the 24 thematic areas of the survey. The results indicate areas where the Department needs to improve and where it needs to continue to focus its efforts e.g. Involvement climate, Performance Standards, Public Perception and the Innovative climate. The Department is now working on developing and implementing initiatives that will enable us build on areas of strength within the Department while also addressing the more challenging areas identified within the Report. These initiatives will complement the implementation of the Actions set out in the Civil Service Renewal Plan and support our vision for the future and the long-term development of the Department and the wider Civil Service.

### 7.1 Codes of Conduct

The Civil Service Code of Standards and Behaviour forms a part of the terms and conditions of service of all civil servants. The Code underpins the rules in many areas including in relation to impartiality and confidentiality, civil servants and politics, behaviour at work, improper use of influence, and the acceptance of gifts, hospitality, payment for outside work and appointments outside the Civil Service. A copy of the Code is given to every appointee who must certify in writing that they have received it.

### 7.2 Protected Disclosures

The Department’s document Guidance on Protected Disclosure Reporting in the Workplace, is in accordance with our obligations under the Protected Disclosures Act 2014. The guidance document sets out in detail the process by which a worker of the Department can make a protected disclosure, what will happen when a disclosure is made and what the Department will do to protect the discloser. This guidance document is informed by the Department of Public Expenditure and Reform guidance titled “Guidance under section 21(1) of the Protected Disclosures Act 2014 for the purpose of assisting public bodies in the performance of their functions under the Act.”

The culture and working environment of this Department encourages, facilitates and supports an employee of the Department to “speak up” on any issue that could impinge on the Department’s ability to carry out its roles and responsibilities to the high standard expected and the process as set out in the guidance document, supports this.

The Department recognises the importance of developing an ethical workplace and the valuable contribution of those who raise concerns about wrongdoing.

The Department is a member of the Integrity at Work Programme (“IAW”), an initiative of Transparency International Ireland. The IAW is aimed at promoting a safer working environment for people who speak up about wrongdoing. The IAW Pledge was signed by the Secretary General and the Assistant Secretary with responsibility for the Corporate Division.
Section 22 of the Protected Disclosure Act, 2014 requires that an annual report be published in relation to the protected disclosures received by the Department. The Department’s Annual Report is available [here](https://www.education.ie/en/The-Department/Regulation-of-Lobbying-Act-2015/).

### 7.3 Regulation of Lobbying

Section 5(7) of the Regulation of Lobbying Act 2015 provides that the “Minister for Public Expenditure and Reform shall prepare and publish a code, to be known as the "Transparency Code", which sets out how certain relevant public bodies” (Regulation of Lobbying Act, 2015), such as ministerial advisory groups, certain working groups etc. may conduct their activities in a transparent way.

By adhering to the Transparency Code, communications within these bodies would meet the exemption from the requirement to register and report on lobbying activities.

### 7.4 Data Protection

In 2018 the General Data Protection Regulation (GDPR) took effect and the Data Protection Act 2018 also commenced at this time. Both the GDPR and the Act provide for a “risk based” approach to data protection. This means that individual controllers and processors are required to put appropriate technical and organisational measures in place in order to ensure – and to be able to demonstrate – that their processing of personal data is in compliance with the higher standards; for the purposes of assessing such risks, they are required to have regard to the nature, scope, context and purposes of the processing and the risks of varying likelihood and severity that might arise therefrom for the rights and freedoms of individuals.

The Department, as a data controller, has updated its Data Protection and Privacy policies. It has also designated a Data Protection Officer (DPO) as required under Article 37 of the GDPR. Further information on the Department’s data protection policies and procedures and contact details for its DPO are available at [https://www.education.ie/en/The-Department/Data-Protection/Information.html](https://www.education.ie/en/The-Department/Data-Protection/Information.html).

### 8. Communications

The Management Board are particularly conscious of the need to bring cohesion to and enhance the Department’s communications capability in achieving its mission and delivering on its strategic goals. Consequently, the Department is developing a communications strategy with constituent plans to address internal and external communication for the benefit of customers, learners, stakeholders, our education partners, staff and management.
Chapter 1 - Department Overview

The four cornerstones of the Action Plan and Statement of Strategy 2016 – 2019 focus on communication are:

- to establish a clear understanding and awareness of the role of the Department among key target audiences.
- to ensure that honest, accurate information is delivered in an open, effective and timely manner
- to adopt a proactive role in communicating with our stakeholders
- to promote the work and reputation of the Department.

8.1 Data Governance

The Data Governance & Support Unit leads and coordinates the implementation of actions within the Department’s Data Strategy with a view to maximising the value of data to provide evidence to underpin the Department’s policies, services and operations. In its Action Plan and Statement of Strategy for Education 2016-2019, the Department sets out its ambition for Ireland, over the next decade, to become the best education and training system in Europe. Among the actions outlined in the plan to achieve this aim is one to ‘provide greater strategic direction in the Department’s governance, management and use of data’. The Data Strategy sets out how we will endeavour to achieve this and it identifies four key objectives in realising our vision of delivering ‘First Class Data for Education’ as follows:

- Build Data Capacity and Capability
- Strengthen Data Management
- Strengthen Data Related Collaboration
- Maximise the Use and Value of Data

8.2 Engagement with external stakeholders

While the learner is the primary customer of the educational process, there are a number of other principal customers/stakeholders and they are collectively referred to as the Education Partners – students, parents, unions and management bodies, business representatives, the local community and other State bodies. The partnership approach is an embedded feature of education policy and the Department regularly engages in extensive consultation on many issues.

The Department is committed to openness and transparency in all aspects of its work. This ranges from how policy is formulated to engagement with the public, stakeholders and the Oireachtas.

Section 8 of the Freedom of Information Act 2014, requires FOI bodies to prepare and publish as much information as possible in an open and accessible manner on a routine basis outside of FOI, having regard to the principles of openness, transparency, and accountability. In that regard the Publication Scheme can be accessed from the following link. [http://www.education.ie/en/The-Department/FOI/Publication-Scheme/](http://www.education.ie/en/The-Department/FOI/Publication-Scheme/)

The Department places a high value on effective and high quality communication and engages with relevant stakeholders through regular meetings and formal consultation processes. The Department also establishes and maintains a number of working groups, consultative fora, task forces and committees, as the need arises to seek the views of relevant stakeholders in relation to the
development and/or review of departmental policies, strategies and curriculum across the Education Sector.

The Department is committed to providing a professional, efficient and courteous service to all our customers, providing and delivering the highest quality of service in accordance with the 12 Principles of Quality Customer Service. We treat all our customers equally and make every effort to ensure that the services we provide reflect their needs and expectations.

The Customer Charter is a public statement on the levels of service customers can expect when dealing with this Department.

The complaint procedures, including appeals procedures, are designed to assist our customers in making a complaint so that we can respond and, where possible, put things right.

The quality customer service standards adopted by the Department in relation to the delivery of services to our customers will also apply to those services that the Department has committed to deliver in the Irish language under this scheme.

Section 11 of the Official Languages Act 2003 provides for the preparation by public bodies of a statutory scheme detailing the services which they will provide:

- through the medium of Irish;
- through the medium of English; and
- through the medium of Irish and English.

Scheme under Section 15 of the Official Languages Act 2003 (2016-2019)

8.3 Internal Communication

The Department’s intent for internal communications is to ensure consistency, cohesiveness, high standards, knowledge enhancement and awareness in support of our mission. The Management Board has prioritised internal communication as an integral success factor to our mission and promoted this aspect of service delivery in Business Planning and other fora. The themes to be addressed in developing an internal communication plan will include high standards, consistency, quality and effectiveness, protocols and good practice. Progress on a number of fronts has been achieved with a project launched to redevelop the Department’s Intranet and a working group focused on good practice guides. Staff networks and fora have improved vertical communications and networking between peers. Examples of these are

Networks

- Networks on an annual basis are held on agendas agreed by the participants for the grades of Higher Executive Officer, Assistant Principal Officer and Principal Officer. In general topics include educational developments, broader Civil Service issues and items which are designed to enhance their management and leadership skills. Members of the Management Board attend the Networks.

Annual Conferences
The Inspectorate and National Educational Psychological Service (NEPS) hold an annual conference to update staff on developments in their profession and broader educational issues.

### Senior Management Fora

Senior Management Fora for Assistant Secretaries and Principal Officers/Equivalents take place regularly. Discussions include strategy and policy development and central Government initiatives that may impact on the Department.

### Staff Fora

Staff fora provide an opportunity for the Secretary General and senior officials to discuss Departmental issues and obtain feedback from staff up to Executive Officer grade.

#### 8.4 Government of Ireland identity

Since March 2018, Corporate Services has undertaken the implementation and monitoring of the new Government of Ireland identity within the Department. Instructions with regard to corporate identity are received from Government Information Services, Department of the Taoiseach. Information around the guidelines, as well as support, feedback and resources, are issued from strategic_communications@education.gov.ie to both staff of the Department and of our agencies. Guidelines and stationary are available on the intranet. [http://intranet/info/cserv/gi/Sitepages/Home.aspx](http://intranet/info/cserv/gi/Sitepages/Home.aspx)

#### 8.5 ICT Policy

The Department’s internal policies on the use of its information and communications technologies are made available on the IT Unit intranet page [http://intranet/info/itunit](http://intranet/info/itunit).

### 9. Review of Effectiveness of Governance Framework

The objectives of this Governance Framework are to ensure that:

- the Department’s systems of accountability and responsibility are effective, robust, clear, and identifiable, and
- the Governance Framework for the Department evolves so that we can better adapt to social, political, environmental and economic changes.

This Governance Framework was first developed in accordance with the Standard and published in May 2016. It has now been reviewed and updated, and re-published in November 2018. The Framework will be kept under ongoing review and updated accordingly from time to time. It will be formally reviewed again in 2020.
Roles of the Minister and Minister of State at the Department of Education and Skills

1. Role of the Minister for Education and Skills

The structures of Government Departments and distribution of their business activities are regulated by legislation. In particular, the doctrine of Ministerial responsibility is underpinned by the designation of the Minister in charge of each Department as a ‘corporation sole’. As ‘corporation sole’, the Minister embodies the Department in law and bears the responsibility for its activities. In effect, the Minister is the Department and the civil servants have no separate existence. Accordingly, the Minister is the ultimate decider of Departmental policy within the overall context of Government policy.

1.1. Legislative provisions

Article 28.4.2 of the Constitution provides that the Government is collectively responsible for Departments of State “administered” by the Members of the Government. In addition, Article 28.12 of the Constitution notes that Ministers are “in charge of” Departments of State.

The principal legislative provisions governing the Minister’s powers are:

- The Ministers and Secretaries Acts 1924 to 2013; and
- The Public Service Management Act 1997. The structures of Departments and distribution of its business are regulated by these Acts.

The Ministers and Secretaries Act 1924, as amended, provides that each Minister is the responsible Head of the Department or Departments under his/her charge and “…shall be individually responsible to Dáil Éireann alone for the administration of the Department or Departments of which he/she is the head…” . This gives statutory effect to the constitutional principle of Ministerial responsibility. The Minister bears political responsibility under the Act of 1924 for all actions within his or her Department. This Governance standard does not replace or usurp the Carltona Doctrine whereby powers vested in Minister may be exercised, without any express act of delegation, by officials of certain seniority and responsibility.

Good governance helps to define priorities and outcomes in terms of sustainable economic and societal benefits and to determine the policies and interventions necessary to optimise the achievement of these priorities and outcomes. It means implementing good practices in transparency, reporting, communications, audit and scrutiny to deliver effective accountability.
2. Minister of State in the Department of Education and Skills

The Government may, on the nomination of the Taoiseach, appoint by way of an Order under the Ministers and Secretaries (Amendment) (No. 2) Act, 1977 members of the Oireachtas as Ministers of State to Government Departments. The Minister may subsequently, with the consent of the Government, delegate to a Minister of State assigned to his/her Department, any or all of his/her statutory powers and duties.

The Minister of State may also perform other administrative functions at the request of the Minister which don’t require a delegation order, including the oversight of the implementation of a specific policy commitments and the Minister of State provides assistance to the Minister as appropriate in this regard.

In the Department of Education and Skills, the Minister has delegated responsibility in the following areas to the Ministers of State:

- the provision of higher education;
- further education and training programmes;
- planning and coordinating adult education; and
- school transport services.

3. Role of the Secretary General

3.1 Introduction

The Secretary General is the Administrative Head of the Department and is:

- accountable to the Minister for discharge of his /her duties as Head of Office;
- chief policy advisor to the Minister and responsible for offering independent advice to Ministers and Ministers of State on issues relevant to the Department; and

The list of duties specified in the Public Services Management Act 1997, while extensive, are not necessarily exhaustive and the Secretary General may also be required, under the Act, to carry out other functions on behalf of the Minister. The Secretary General has additional statutory duties as set out in Education Act, 1998.

The Secretary General, under Section 4(1) and 9(2) of the Public Services Management Act 1997, has the power to assign responsibility for the performance of his/her functions to other officers of the Department, however he retains ultimate responsibility and accountability for the actions of the Department, irrespective of the delegation of assigned responsibilities.

The specific delegations of responsibility for the performance of Divisional functions within the Department is set out in the Framework of Assignments. These assignments have due regard to the

---

5 Framework of Assignments – Assignment of responsibilities by the Secretary General for the performance of functions under Section 4(1)
Chapter 2 – Ministerial and Senior Management Roles & Assignment Of Responsibilities

factors which affect the distribution and discharge of responsibilities across the Department, such as, the alignment of activities spanning or involving more than one area, and/or the co-ordination of shared or contiguous responsibilities. It also has regard to the assignment of functions in respect of appointments, performance and discipline of personnel under the Civil Service Regulation Acts 1956-2005, which are made by the Secretary General and to the statutory responsibilities of the Chief Inspector as set out in Section 13 of the Education Act, 1998.

3.2 Role of Secretary General as Accounting Officer
The Department’s Secretary General, as the Head of Office administering the Vote, is also the Accounting Officer. He/she discharges responsibility for the money entrusted to the Department for the use made of its resources, and for control of the assets in its keeping, such as land, buildings, equipment or other property.

In his/her Accounting Officer role, which is personal and cannot be delegated, he/she is responsible for the stewardship of public funds. Furthermore, he/she is responsible for:

- the regularity and propriety of all the transactions in each Appropriation Account bearing his/her signature; and
- the efficiency and economy of administration in his/her Department.

As Accounting Officer, while he/she can put in place arrangements to assist with the aspects of governance obligations, he/she cannot delegate accountability to subordinate officers.

Procedures are also in place, as outlined in both the Government Accounting Officers Guidelines and Public Financial Procedures, to ensure that any differences of opinion between the Accounting Officer and the Minister, on an issue for which the Accounting Officer is responsible, are documented and reported to the Department of Public Expenditure and Reform and the Comptroller and Auditor General, as necessary.6

The Accounting Officer cannot be acquainted with the detail of every transaction in the Department and, as such, he/she ensures that proper mechanisms are in place to provide appropriate assurance about the regularity, propriety and efficiency of the Department’s operations. These mechanisms are:

- robust internal control systems;
- sound internal audit and Audit Committee arrangements; and
- effective risk management.

4. Role of senior management within the Department

4.1 Assistant Secretaries/Chief Inspector
Divisional responsibilities are assigned to officers at Assistant Secretary level in their function as Heads of Divisions. In addition, the Chief Inspector has statutory duties as set out in Section 13 - Education Act, 1998.

6 The Role and Responsibilities of Accounting Officer

of the Public Service Management Act 1997
Chapter 2 – Ministerial and Senior Management Roles & Assignment Of Responsibilities

These responsibilities form part of the overall management framework for the Department. Further information is available at http://www.whodoeswhat.gov.ie/. The specific roles, responsibilities, and membership of the Management Board is set out in Chapter 3 of this Framework.

In addition to their assigned roles, senior management also have responsibilities as members of the Management Board including:

- engaging collectively on corporate and strategic matters;
- providing advice on strategic direction;
- the formulation of policy;
- management of the Department as a whole; and
- the implementation generally of relevant Government policies.

However, the Secretary General and the Minister retain ultimate decision-making responsibility for operational and policy matters respectively relating to the Department.

4.2 Principal Officers/Equivalents

Principal Officer/equivalents have responsibilities for their Sections and further information in this regard is available at http://www.whodoeswhat.gov.ie/. In addition to the specific Section responsibilities, they support the Management Board in achieving the objectives relevant to their Section in accordance with Divisional business plans and the Department’s Action Plan and Statement of Strategy 2016 – 2019.

5. Governance Role of all Staff

All staff have an important role to play in collectively committing to the good governance of the Department through compliance with the requirements of this Governance Framework, Departmental policies, circulars, and office notices, and adhering to the Civil Service Code of Standards and Behaviours in the performance of their duties.

6. Ministerial Special Advisers

The Cabinet may appoint Special Advisers as provided for under the Public Service Management Act 1997. The role of the Special Advisers is to assist the Minister by providing advice, and monitoring, facilitating and securing the achievement of Government objectives that relate to the Department.

Special Advisers may perform other functions, as directed, while being accountable to the Minister in the performance of those functions. The Special Advisers perform their roles alongside the senior Civil Servants in collectively supporting the Minister and the Government of the day. There are currently two Special Advisers assigned to the Minister for Education and Skills.

7. Minister of State’s Special Advisers

Under Section 11 of the Public Service Management Act 1997, the Cabinet may appoint 2 Special Advisers to a Minister of State in the Department if that Minister of State regularly attends Cabinet meetings or in the case of any other Minister of State no more than 1 Special Adviser. There are currently three special advisers appointed to the Ministers of State, two appointed to the Minister of
Chapter 2 – Ministerial and Senior Management Roles & Assignment Of Responsibilities

State for Higher Education, one appointed to the Minister of State for Training, Skills, Innovation and Research.

8. Minister/ Department relationship

8.1 Context
In order to support the achievement of the Department’s mission and strategic objectives, senior management provide impartial professional advice to the Minister, ensuring the effective implementation of Government policy as it relates to the Department. The Department does not formulate policy independent of the Minister, rather, it supports the Minister as a policy maker by:

- developing a range of policy advice, including as requested by the Minister or the Government and supporting the Minister in his/her accountability to the Oireachtas;
- initiating consideration of policy advice having regard to the changing education and training environment and requirements for the consideration of the Minister or Government;
- developing policy and legislation relating to all areas of education and training; and
- offering advice to the Minister on Government policies in development, by preparing appropriate observations on Government Memoranda.
- reviewing efficiency and effectiveness of existing policy schemes and programmes and measure against desired outcomes.

8.2 Overview of interaction between the Minister and officials
The Minister engages with senior officials by regular interaction at a direct level and in formal Ministerial Management Board meetings. In addition, the Minister and the Secretary General meet regularly to discuss issues relating to Departmental, Ministerial and Government priorities. The Secretary General updates Management Board colleagues of the discussions at subsequent Management Board meetings.

The particular functional style and preference of the Minister determines, to some degree, the methods of interactions in relation to Department business that takes place between senior officials and the Minister. Because of the nature of the work and the pace of progress on issues, Minister/senior official interaction can occur routinely at any time and may not be confined to normal working hours and standard office arrangements.

8.3 Recording of Ministerial decisions
Submissions seeking Ministerial decisions are forwarded to the Minister’s Private Secretary by the Secretary General or by the relevant senior official as appropriate through eSubmissions. The Private Secretary records receipt of the submission and the submission is forwarded to the Minister for decision. Thereafter, the submission, with the Minister’s decision, is returned to the relevant official.

eSubmissions developed by the Office of the Government Chief Information Officer (OGCIO), under the Build-to-Share strand of the Public Service ICT Strategy is in use in the Department.

9. Minister of State/ Department relationship
In carrying out their functions, the Ministers of State have regular meetings with relevant
Management Board members and other senior officials dealing with issues under their particular remit. They also attend Ministerial Management Board meetings. Submissions for decision by Ministers of State are recorded and processed, as in section 8.3 above, by the Private Secretaries to the Ministers of State.
Chapter 3 - Management Board and other Governance Structures

Good governance means developing the Department’s capacity, including the capability of the leadership team, management and staff.

Functions of the Department’s Management Board

1. Vision and Purpose

The Department’s mission is to facilitate individuals through learning, to achieve their full potential and contribute to Ireland’s social, cultural and economic development. This mission is reflected in the Department’s overall vision to provide the best education and training system in Europe. In support of this Mission and Vision, the Secretary General (Accounting Officer) and the Management Board have overall responsibility, through the structures outlined in this chapter, to provide leadership in support of the Minister in pursuing strategic Governmental and Sectoral objectives as articulated in the Programme for a Partnership Government and the Action Plan and Statement of Strategy for Education.

The Management Board operates on the principles of shared participation, collaboration and corporate responsibility and it plays an active role in shaping and leading the Department and the Education Sector. The leadership and management of Board members sets the tone for effective governance and they are committed, individually and collectively, to achieving Department and Government objectives through accountable processes.

The policies pursued by the Department are set at the direction of the Minister, within the framework laid down by the Programme for Government and the Action Plan and Statement of Strategy. The Management Board supports the Secretary General in the effective implementation of policy, having regard also to budget and resource considerations. It ensures an appropriate process of engagement and coordination on policy issues across the Department, and with other Government Departments and agencies, as well as external stakeholders.

The Management Board comprises
Chapter 3 - Management Board and other Governance Structures

1.1 Role of Management Board members

Members of the Management Board have a corporate responsibility to provide leadership and strategic direction in driving and overseeing the implementation of Departmental strategies. They seek to support the Minister and Secretary General in the fulfillment of their statutory roles. Each individual Board member has a leadership role contributing to the management of the Department as a whole and to actively supporting colleagues in meeting objectives.

In addition they:

- report on the progress of significant matters within the responsibility of their Divisions;
- ensure that the Board is aware of any issues or risks to the delivery of Department strategies within their divisions and mitigation measures as appropriate;
- bring relevant issues to Management Board attention for corporate consideration;
- utilise their experience to challenge and critically examine issues under discussion by the Board;
- advise the Secretary General in making decisions to progress the business of the Department; and
- advise the Board on matters of cross-organisational interest, including decisions with inter-departmental implications.
1.2 Terms of Reference

The terms of reference of the Management Board are to:

- support the Minister, Minister of State and Secretary General in the fulfilment of their statutory roles
- provide collegiate leadership, oversight management and strategic direction to the Department
- cultivate a collaborative culture across the Department, between Divisions, with the Education Sector and inter-departmentally, in order to deliver policy and services to achieve the best possible outcomes
- oversee the accountability of Divisions of the Department for the delivery of policy and services
- monitor, review and adapt strategy and policies in order to achieve the Department’s targeted and strategic objectives
- oversee the allocation and monitoring of resources having regard to desired outcomes to achieve the highest standards of efficiency and effectiveness in the delivery of services
- oversee processes and procedures which identify risks and their mitigation and
- provide guidance and leadership in fostering a culture of excellence and developing staff to their potential

In addition to reviewing its Terms of Reference annually, the Management Board also periodically engage external assistance to review and improve team performance and effectiveness.

2. Operation of the Management Board

2.1 Management Board meetings

The Management Board usually meets on a weekly basis and is assisted by Heads of Units (Principal Officers or equivalents) and other officials who may be invited to attend to provide briefings and updates on significant policy and operational management issues within their area(s) of responsibility. This engagement provides senior officials with an understanding of the views of the Board in general and with direction on further actions that may need to be undertaken to bring an issue to finalisation and decision.

In addition to the standing items listed in Section 3 below, Management Board members and Heads of Unit may propose agenda items for weekly meetings of the Management Board. The Secretary General is responsible for determining the final agenda for each meeting of the Management Board.

All members are required to attend Management Board meetings and video-conferencing is facilitated as required.

2.2 Ministerial Management Board meetings

In addition to Management Board meetings, Ministerial Management Board meetings are held regularly and are attended by the Minister, Ministers of State, Special Advisers and Management Board members.

2.3 Role of the Secretary General as Chairperson

In his/her role as Chairperson of the Management Board, the Secretary General leads the Board in
fulfilling its strategic role in the Department.

In particular, as Chairperson, he/she:

- chairs the Management Board meetings;
- fosters a collegiate and open discussion of agenda items;
- ensures progress on agenda items to decision-making stage;
- leads the Management Board in consideration of significant issues which may impact on the Department’s medium to long-term capacity and capability or on significant risks to delivery on its objectives;
- briefs the board on ongoing discussions he/she has with the Minister and Minister of State about Ministerial and other priorities;
- reports to the Minister on advice and views of the Management Board concerning strategic and other significant issues;
- leads on consideration of matters falling within his/her decision-making responsibilities; and
- encourages consensus on decisions or determines a course of action if a consensus cannot be reached.

### 2.4 Role of the Secretary to the Management Board

The Secretary to the Management Board:

- prepares a draft agenda in consultation with Board members and thereafter circulates the agenda to Board members once it has been agreed by the Secretary General;
- co-ordinates the collation of relevant papers for the Management Board meetings and ensures timely circulation of same;
- takes the minutes of the Management Board meetings;
- circulates the draft minutes, approved by the Secretary General, to the Board for agreement at the subsequent meeting;
- publishes the agreed minutes to the Department’s intranet; and
- coordinates follow up actions, arising from Management Board discussions, with the relevant Board member and/or Senior Official.

### 3. Management Board Procedures

#### 3.1 Agenda of Management Board Meetings

The Management Board regularly meets and a range of issues including Standing Issues are discussed by the Board.

Examples of agenda items generally are:

- initiation of projects with potential for significant cross-organisational impact and business decisions with cross-organisational impact
- consideration of major strategic challenges, cross-cutting and longer term issues
- briefing/progress reports on relevant issues
- reviews of organisational performance issues
- consideration of strategic policy issues
Standing Issues include a number of corporate items encompassing:

- updates of Minister/Secretary General meetings
- Industrial Relation (IR) issues
- Human Resource (HR) issues
- reporting on the Department’s Child Protection Guidelines for staff
- Information and Communications Technology (ICT) issues
- Expenditure Reports
- governance issues
- corporate issues
- risks issues

### 3.2 Papers/Decisions

Matters of strategic importance, or which give rise to a significant risk, are brought to the attention of the Board, through the relevant Management Board member in a timely manner. The Management Board is consulted in advance of significant strategic policy decisions (particularly where there may be cross-cutting implications within the Department). However, in the event that the matters are brought directly to the Secretary General/Minister for decision due to time constraints/urgency, the relevant Management Board member briefs his/her colleagues at the next earliest opportunity.

Papers for discussion/decision by the Management Board are circulated by the Secretary to the Management Board in advance of each Management Board or Ministerial/Management Board meeting. Papers submitted to the Management Board are required to be concise and adequate to enable the Management Board Members/Minister to understand the background and context of the item for discussion/decision.

Where papers are submitted to the Management Board for decision, the decision will normally be taken by consensus (the Secretary General retains final decision-making responsibility where consensus cannot be reached) and the Secretary to the Management Board clearly records the decision taken and communicates this to the relevant Head of Unit (if not in attendance) and/or any revisions or amendments proposed by the Management Board/Minister.

eSubmissions is an electronic, paperless system to handle submissions going to the Minister, the Minister(s) of State, the Secretary General, and other senior management, at all stages from initial drafting to final approval and submission. The new application will provide a central electronic location for storing submissions (both in progress and finalised). This system will allow for better tracking of submissions over the various stages and have a search feature, to assist with the retrieval of submissions.

### 4. Management Board Sub-committees

The Management Board appoints sub-committees, either on a standing or ad-hoc basis, to address particular policy or organisational issues. Such sub-committees are accountable to and report to the Management Board. Further information available at Appendix B.
Chapter 3 - Management Board and other Governance Structures

5. Governance across Organisational Boundaries
The Department is regularly involved in various groups, committees and programmes across the Civil Service. In some instances, the Secretary General may be a Programme Sponsor or a member of the Management Board may be assigned responsibility to lead a particular group. Additionally, staff members support the work of Cabinet Committees and also may service cross-Departmental official level groups. This work, the operation of which is within the respective remits of individual Ministers and Departments, is interdependent and collegiate in nature.

6. Other Governance Structures
Senior officials lead or participate in a number of internal and external committees or working groups and programme boards. For example in relation to the oversight of the implementation of the reform programme the Department introduced comprehensive governance arrangements including the establishment of an Education and Training Reform Board (ETRB), ETB/SOLAS Programme Board and various project steering groups. In addition a dedicated Public Service Reform (PSR) Programme Office has been established.

The ETRB comprises all members of the Management Board and is chaired by the Secretary General, is collectively responsible for ensuring the delivery of the Department’s reform programme. The ETRB oversees and monitors the planning, implementation and review of the delivery of reform at a strategic level and provides clear leadership and direction throughout the programme lifecycle. The ETRB ensures appropriate governance arrangements are in place for large scale change programmes and projects and provides an avenue for the escalation of issues.
Chapter 4 – Audit, Assurance & Compliance Arrangements

The Department is bound by various statutory and administrative requirements which are principally set out in the Public Financial Procedures, Government Accounting Circulars, the Irish Statute Book, the Public Spending Code, the Code of Practice for the Governance of State Bodies and Public Bank Accounts arrangements. Each Management Board member and each Head of Section is responsible for the management of expenditure for their own areas of responsibility. Day-to-day responsibility for budget resides at budget-holder level. The Department’s Finance Unit has a particular oversight role in the financial management of the Vote and National Training Fund.

The Department has in place financial policies and procedures which are designed to act as a source of information and guidance on the procedures and practices that must be adopted in managing its resources.

Key financial controls in place include:
- different levels of authorisation within the sections
- confirmation of financial controls by budget-holders
- segregation of duties across processes within the sections
- accountability of budget-holders /sections
- adherence to Standards in Public Office Declarations of Interest by all relevant officers, and
- adherence to public financial procedures and relevant circulars, including Circular 13/2014 concerning management and accountability of grants

1. Role of Internal and EU Audit Unit
The Internal and EU Audit Unit is responsible for providing assurance to the Accounting Officer (Secretary General) on the adequacy, efficiency and effectiveness of the Department’s risk management, internal control systems and governance processes. It undertakes its work in accordance with an annual work programme, which is approved by the Accounting Officer, and is overseen by the Department’s Audit Committee.

The Unit, which reports directly to the Accounting Officer, carries out its work in accordance with its Charter and conducts systems audits of Sections of the Department. It also completes audits of EU funded programmes as agreed with the European Commission. Internal and EU Audit Unit tracks, on a quarterly basis, progress on the implementation of recommendations arising from audit reports.
The Head of the Audit Unit meets with the Accounting Officer on a monthly basis to discuss issues of relevance in the area.

The charter is available on the Department’s intranet at: http://intranet/Info/Audit/

2. Role of Audit Committee

The Audit Committee carries out its work in accordance with its Charter and provides independent advice to the Accounting Officer in relation to internal control, the risk management environment and audit matters, and oversees the work of Internal and EU Audit Unit.

There are five members on the Department’s Committee, three external representatives, one of whom is the chairperson, and two internal representatives. Audit Committee members are appointed by the Accounting Officer. Those selected typically have had varied backgrounds and occupations bringing a breadth of experience, skills and knowledge, in areas important to the Department, to their work.

The Chair of the Audit Committee meets the Accounting Officer and presents the Committee’s annual report of its work to him. A copy of the report is also provided to the C&AG and an invitation to meet with the Committee is extended to him.

The charter is available on the Department’s intranet at: http://intranet/Info/Audit/

3. Role of Finance Unit

The role of the Finance Unit is to support the delivery of the Department’s strategic objectives by providing a range of budgetary, financial and support services, including:

- Securing investment for the education system through the Estimates process and monitoring Departmental expenditure and public sector numbers;
- Maintaining an accounting and financial framework in line with Government procedures and good practice and engaging with the office of the C&AG on the audit of the Appropriation Account and National Training Fund;
- Delivering financial services, including a general payments service and retained staff payroll/T&S functions;
- Preparing the Department for the migration to Financial Shared Services and supporting and developing the Department’s financial management system;
- Supporting the Minister’s and Accounting Officer’s accountability to the Oireachtas and reporting to Government.

Specific statutory, governance and accounting responsibilities include:

- Production of draft Vote 26 Appropriation Accounts for signature by the Accounting Officer by the statutory deadline of 31 March each year;
- Working with the office of the C&AG to ensure timely finalisation of the Vote 26 accounts for C&AG signature before end September annually;
• Production of draft National Training Fund (NTF) Accounts by the statutory deadline of 31 March each year;
• Coordination, as appropriate, of the production of briefing material for the Accounting Officer for hearings of the Public Accounts Committee on the Education Vote and co-ordination of provision of follow-up material, of response, where relevant, for the Minute of the Minister for Finance/Public Expenditure and Reform, and monitoring of PAC hearings for issues relevant to the Department and Sector;
• Coordination of the Department’s Budget preparation and engagement regarding same with Department of Public Expenditure and Reform;
• Coordination of subsequent preparations of Estimates material for the Revised Estimates Volume (REV), including briefing for Estimates appearances by Ministers before Oireachtas committees;
• Coordination and analysis of Vote and NTF income and expenditure details for end of month returns. Exchequer Supply Issue figures and periodic/ad hoc reports to Government;
• Provision of regular updates to the Secretary General and Management Board on the Department’s financial position;
• Provision of a payment service for the Department including, Electronic Fund Transfer (EFT) & Interbank Financial Telecommunication (IFT) SWIFT payments, Foreign Payments, Remittances, F.45 certification, VAT and other payovers;
• Facilitation, generation and authorisation of funds transfers from the Department via the Paymaster General (PMG)/Central Bank by IFT/ Revenue On-Line Service (ROS), and reconciling all fund transfers to/from the Department on a monthly basis;
• Oversight of implementation and operation of Delegated Sanction Agreement for management of public sector pay & numbers across the Education Sector, to include analysis of quarterly pay and public sector numbers returns to ensure compliance with terms of the Agreement;
• Submission, in conjunction with the Department’s Central Policy Unit, Quality Assurance Reports required under the terms of the Public Spending Code; and
• Coordination of the Department’s engagement in the project to migrate to a Financial Management Shared Services Centre, under the direction of a Departmental Project Board.

4. Accounting Officer Assurance Arrangements

4.1 Annual Statement on Internal Financial Control (SIFC)
The Statement on Internal Financial Control (SIFC) is the means by which the Accounting Officer declares his approach to, and responsibility for, risk management, internal control, and corporate governance. It is also the mechanism for highlighting weaknesses which may exist in the internal control system within the organisation.

The Accounting Officer is required to supply a signed Statement on Internal Financial Control to the Comptroller and Auditor General (C&AG) with the Annual Appropriation Account.

The annual accounts of the National Training Fund (NTF) are also submitted by the Accounting Officer to the C&AG.
4.2 National Shared Services Office (NSSO)

The Department’s HR, pensions, payroll and travel & subsistence administration is undertaken by the National Shared Services Office.

The contractual relationship between the Department and NSSO is set out in a Memorandum of Agreement on Service Management (ESMA) between the two parties. The SMA defines and documents the agreed responsibilities, scope of activities, quality of service provision, and performance measures governing the services provided by NSSO to DES. The SMA is reviewed annually and updated as necessary to adapt to changing business needs.

The Secretary General of the Department of Public Expenditure and Reform (DPER) in his role as Accounting Officer for the NSSO, provides a Letter of Assurance to the Department’s Accounting Officer regarding the internal control and audit arrangements for HR and payroll shared services.

Management of the Department’s Staff Payroll and Travel & Subsistence processes are provided by the Payroll Shared Services Centre (PSSC) in DPER, under the auspices of the NSSO. Contacts with DPER are ongoing in the context of finalising the Service Management Agreement regarding the provision of these shared services, together with the Letter of Assurance regarding internal audit and control arrangements of the PSSC.

5. Role of the Data Protection Officer and Data Protection Unit

The Data Protection Officer and Data Protection Unit provide information and advice to the staff of the Department on their obligations pursuant to the GDPR and data protection legislation. The Unit monitors compliance with the GDPR and policies of the Department in relation to the protection of personal data, provides advice in respect of data protection impact assessments and monitors performance in respect of same and acts as a point of contact with the Department for data subjects and the Data Protection Commission.

The DPO reports directly to the management board of the Department, carries out his work in accordance with Articles 37 to 39 of the GDPR and conducts audits in respect of data protection compliance. The DPO meets weekly with a nominee of the management board to discuss data protection issues.

The text of articles 37 to 39 of the GDPR are available at https://eur-lex.europa.eu/legal-content/EN/TXT/PDF/?uri=CELEX:32016R0679&from=EN

6. Risk Management

Risk is part of the internal and external environment in which the Department operates. The Department of Education and Skills is exposed to a range of possible events that, if they were to happen, would affect the likelihood of the Department delivering on its policy and service commitments and obligations. The management of these risk events involves identifying them,
evaluating their potential likelihood and impact on the Department’s objectives, and taking mitigating actions against them, by either reducing their likelihood, or impact. Effective risk management makes the Department more capable of responding to emerging issues.

Management of risk at operational level remains the responsibility of each Head of Section. Heads of Sections are required, as part of the business planning process, to identify and assess risks for their particular area of responsibility. This involves ensuring they are included in the risk register, taking appropriate mitigating actions, and monitoring and reporting on developments in relation to risks on an ongoing basis. All risks entered on the risk register must be agreed by the relevant Management Board Member and the risk register is brought for discussion by the Management Board annually. As the risk register is a non-static document, it is updated as required.

The risk register is maintained by Corporate Services, and access to the risk register is provided to grades of Assistant Principal Officer and above.

6.1 Risk Committee
The Department has established a Risk Committee which is a sub-committee of the Management Board. Its role is to advise the Management Board on risk management strategy and on the development of an appropriate framework of policies, procedures and systems to support the management of risk in the Department.

7. Procurement Management
The Procurement Officer is responsible for reporting on compliance with Government and statutory procurement obligations as part of the annual financial cycle. Heads of Sections are responsible for sourcing activities within their budget remit, and submit details of procurement exceptions as part of our annual accounts submission. The Appropriation Account submission provides confirmation, with the exception of reported exemptions, that the Department is compliant with public procurement obligations and this is attested to by the Accounting Officer (Secretary General). The Procurement Review Committee, a subcommittee of the Management Board, is convened to review procurement cases submitted, where exceptional procurement action may be required.

The obligation on Departments to use central contracts and Frameworks is set out in DPER Circular 16/2014 under a value for money impetus. Use of these arrangements is promoted through the Procurement Policy Unit under the remit of Corporate Services through regular dissemination of procurement notices and opportunities.

7.1 Assurance and Compliance Framework
As an accompaniment to its Governance Framework, the Department will be developing a separate Compliance Framework. This will be an important tool in the management of the Department’s risk, and will assist in identifying key statutory and other compliance requirements and the arrangements in place to oversee, monitor and ensure compliance.
Chapter 5 – Non-commercial bodies under the Aegis of the Department

External Governance and Oversight of non-commercial bodies under the Aegis of the Department

The relationship between Government Departments and non-commercial bodies under their aegis is determined primarily by:

- the underpinning legislation establishing the body, and
- the requirements set out in the Code of Practice for the Governance of State Bodies (2016).

There are a variety of control and accountability mechanisms in use by responsible sections across the Department for the purpose of managing bodies reporting to them. These mechanisms may include Performance Delivery Agreements, Service Level Agreements and Memoranda of Understanding.

1. Bodies Accountable to other DES bodies

In addition to bodies directly under the Department’s remit, there is an additional complexity in relationships between the Department and specific categories of bodies. There are a number of bodies which are accountable, in the first instance, to other non-commercial bodies under the Department’s remit. Examples are a) the Universities, Institutes of Technology and other Higher Education Institutions which are autonomous bodies and report to the Higher Education Authority (HEA), and b) the Education and Training Boards (ETBs) which report to the Department of Education and Skills and also have a reporting arrangement with SOLAS. Accordingly, in addition to these oversight responsibilities, both the HEA and SOLAS have reporting and accountability responsibilities to the Department as bodies.

2. External Governance and Oversight of Bodies under the Aegis of the Department

The Department is guided by the Department of Public Expenditure and Reform’s 2016 Code of Practice for the Governance of State Bodies which became effective from 1st September 2016. The target for the implementation of the new code within all State Bodies was 1st September 2017.

The 2016 guidance document which replaces the 2009 Code lays down a framework of oversight and compliance requirements for both Government Departments and aegis bodies. The Code operates in conjunction with the legislative provisions that govern the State Body, with legislative provisions prevailing in the event of any inconsistency or conflict arising in the application of the Code. The 2016 Code provides a framework for the application of best practice in corporate governance for State Bodies and the Bodies are required to confirm to the Minister that they comply with this code in their...
Chapter 5 – Non-commercial bodies under the Aegis of the Department

governance and practices.

Arising from the roll out of the 2016 Code of Practice the Department has subsequently rolled out a review questionnaire for the Bodies to confirm the extent of their capacity to comply with the relevant stipulations of the 2016 Code, to confirm the elements of the code that do not apply to them and to seek formal derogations for those elements of the Code where work is required to adhere with the Code. On receipt of returns from all aegis Bodies the Department has reviewed and considered the extent of derogations from the 2016 Code the Department considers appropriate for its respective bodies. The Department continues to work on advancing the development of robust reporting arrangements with its bodies and agencies in order to manage performance and improve governance oversight, including clearly designating governance related responsibilities in respect of these bodies and agencies. The purpose of Performance Delivery Agreements is to ensure that resources are used in both an effective and cost effective manner to deliver quality services to the public.

In addition to each aegis body reporting to an appropriate responsible Section of the Department, since 2014/15, a Management Board Committee on Sectoral Governance and Accountability has been in place to guide, develop and enhance the Department’s oversight role of aegis body governance and compliance. Further information on the role of this sub-committee is available on the Department’s intranet. The Management Board Committee is also supported in its work by the Principal Officer and Sectoral Governance officials in Corporate Services.

The Department expanded its corporate governance compliance oversight capabilities with the development of a Sectoral Governance Unit under the direction of Corporate Services Division. This Section is working towards the delivery of an enhanced oversight control framework to allow for the operation of a consistent process throughout the sector and in aegis bodies to ensure that appropriate appraisals, and proportionate and reasonable oversight regimes are in place having regard to budgets/staffing cohort in the relevant bodies. Among the issues being addressed in this regard is the extent to which various existing reporting and compliance requirements, together with the associated oversight role of line sections in the Department, constitute real, effective and structured management oversight and provide assurance to the accounting officer regarding the effectiveness of the procedures in place. Examples of best practice identified as part of this process will be disseminated across the education sector and bodies, while aspects of reporting and oversight identified as being in need of improvement will also be addressed.

Periodic Compliance Measures

With effect from 2015 the Department has augmented its corporate governance compliance capabilities and the Sectoral Governance Unit has commenced the roll out of a programme of reviews, commencing with non-commercial State bodies in the education sector. The Department’s initial review process aimed to establish the level of adherence to governance standards as articulated in the Code of Practice for State Bodies.

The results of phase one of this compliance review were delivered during quarter two of 2017 and have now been used to inform further phases of the Department’s governance compliance review work programme.

Appendix C provides further specific details in regard to the 18 Bodies, including:

- Accountable Person in relevant aegis body;
- Relevant Departmental liaison Head of Section;
- Primary Minister;
- Exchequer or other funding source;
- Governing legislative framework (where appropriate); and
- Functions, rights or duties of the Department/Minister.

3. Oversight of State Board appointments process

Given the diverse nature of the State Boards under the aegis of the Department, while individual Sections have responsibility for the day to day oversight of State Bodies, the Department’s Sectoral Governance Unit plays a key role in the oversight of the appointments process to State Boards.

As State Board appointments are processed via an assessment system designed and implemented by the Public Appointments Service (PAS), the Department is required to have a State Board Liaison Officer (SBLO) to liaise with PAS and with internal Departmental staff who are nominated to act as PAS Liaison Officers. The Department’s Corporate Services Division PO currently operates as the Liaison Officer between the Department and PAS.

Following from the Department of Public Expenditure and Reform’s publication of guidelines concerning appointments to State Boards, Corporate Services Division produced Office Notice CDU 01/15 to provide guidance to staff of the Department on the appropriate procedures to be followed when making direct Ministerial appointments and nominations to State Boards.

Sectoral Governance Unit also maintain an internal Intranet site containing a suite of guidance material as well as current details concerning Board membership and relevant contact details for aegis bodies. Key Board information is also published on the Department’s website.
Appendix A – Corporate Policies

The following is a list of corporate policies, procedures, circulars and Office Notices to support staff in carrying out their duties in accordance with good governance principles:

- Grievance procedure [Grievance](#)
- Civil Service Disciplinary Code revised in accordance with the Civil Service Regulation (Amendment) Act 2005 19/2016: [Civil Service Disciplinary Code revised in accordance with the Civil Service](#)
- Civil Service Code of Standards and Behaviour
- Circular 09/2009: Civil Servants and Political Activity Conduct
- Information Security Policy
- Protection of Personal Data Code of Practice
- “Dignity at Work” an anti-bullying, harassment and sexual harassment policy
- Guidelines on compliance with the provision of the Ethics in Public Office Acts 1995 and 2001
- Regulation of Lobbying Act, 2015
- Data Protection Policy
- Freedom of Information (FOI) Code of Practice
- Information and communications technology (ICT) Usage Policy

| An tSeirbhís Oideachais Leanúnaigh agus Scileanna (SOLAS) | Conor Dunne (CEO) | Further Education and Training, NDP/EU Structural Funds | Minister for Education and Skills | Vote 26 – Subheads B.3 & BS and the National Training Fund | The Further Education and Training Act, 2013 | ➞ The Department deals with staffing issues as required.  
➤ The Agency may appoint members of staff to the Agency, including the chief executive. The grade and appropriate level of remuneration for each grade as well as the granting of a scheme of superannuation benefits are all provided with the consent of the Minister and the Minister for Public Expenditure and Reform.  
➤ The Department arranges for the laying of the Annual accounts/report of the Agency before the Houses of the Oireachtas.  
➤ A Memorandum of Understanding between the DES and the GDA outlines the management and accountability framework between the two bodies which sets out the respective roles and responsibilities of both parties, communication and reporting arrangements as well as the oversight of key control and governance requirements. This agreement is being replaced by a Performance Delivery Agreement (PDA) which is currently nearing finalisation. |
| Skillnet Ireland | Paul Healy | Further Education and Training, NDP/EU Structural Funds | Minister for Education and Skills | National Training Fund | Company Limited by Guarantee | ➞ SOLAS is a statutory independent body governed by legislation.  
➤ Oversight of governance of SOLAS is carried out by Further Education and Training Section according to the Code of Practice for the Governance of State bodies (2016). This work was further underpinned with the finalisation of a Service Level Agreement with SOLAS during 2016.  
➤ The Minister appoints the board members.  
➤ As an aegis body of the Department, guidance circulars/notices for information or action are issued as and when required.  
➤ SOLAS has the power under legislation to appoint its own staff, however, under the Delegated Sanction Agreement it must seek approval for the filling of posts from the Department.  
➤ The Department lays a copy of the audited accounts of SOLAS before the Houses of the Oireachtas.  
➤ The Department of Education and Skills ensures the budget allocation is administered in accordance with agreed targets and in line with Government strategies and priorities  
➤ The Department has a Framework Mandate with Skillnets which sets out in broad terms the basis for funding agreement with them. The Mandate is supplemented by an Annual Allocations letter which sets out in detail the budget allocation and sets specific targets for the delivery of training by Skillnets for over 40,000 people. |
