

Educate Together

In Educate Together National Schools, every child's individuality is valued and respected. Our educational ethos requires all children to be nurtured equally, whatever their social, cultural or religious background.

Established 35 years ago, Educate Together is now the fastest-growing patron body in Ireland, with 65 primary schools. Our schools provide high quality education. Dynamic, professional teachers bring the national primary curriculum to life in a unique way. The most modern approaches, facilities and technologies are used as tools to ensure that every child reaches their full potential. Our schools are very popular with parents, who are encouraged to play an active role in their child's education.

All children in Educate Together schools follow an Ethical Education curriculum. This supports children's moral and spiritual development and teaches about different belief systems. The curriculum encourages children to ask questions and to take an active role in their communities.

In the case where parents wish their children to participate in faith formation classes (such as preparation for Catholic sacraments etc.), this is arranged by the parents directly with their local Parish or Faith Group. Our schools do not make these arrangements but are happy to facilitate such classes happening on school premises, after school hours.

This fusion of parental involvement, high academic standards and a child-centred approach creates a very special learning experience - that's what an Educate Together school offers!
