

## **Terms of Reference for the Advisory Group on Education for Sustainable Development**

The Advisory Group will provide a forum for:

- highlighting existing activity relating to ESD, new developments and resources, and sharing best practice;
- making the findings of ESD research available through the proposed ESD web portal, and considering the issues arising from the findings of such research;
- building partnerships and mobilising stakeholders;
- contributing to the planning of an annual ESD forum which will invite a wide range of relevant stakeholders to consider issues arising from the work of the Advisory Group;
- monitoring progress on the recommendations in the National Strategy for ESD, and reporting annually to the High Level Group on Sustainable Development; and
- contributing to a mid-term review of overall progress on the National Strategy in 2017.
