Subject: FOI request

A chara,

I refer to my previous FOI request, reference # 2015/212, and your Department's announcement on 28/8/15 of a student support scheme for people in the protection process. Under the Freedom of Information Act 2014 I request the following information:

1. All documents that were refused under 2015/212. I have attached the schedule of documents I received. The records were not released because there was an ongoing deliberative process relating to the introduction of the above scheme.
2. All documents including emails, memos, reports, etc. relating to the scheme that were produced as part of your Department's deliberations about introducing the scheme since the McMahon Working Group concluded.

I would request any resultant documents in their original electronic format (ie. Word, Excel, etc. documents rather than pdfs) by return email.

Is mise le meas,
[REDACTED]
