RE: FOI - New third level campus facility in Kilkenny City.

Dear FOI Officer,

I understand from **Kilkenny Local Economic and Community Plan 2016-2020**, published February 2016, that;

The former Smithwick's Brewery site development (approximately 16 acres in the heart of the city) will include the provision of a new third level Research and Enterprise Campus, and offices for corporate, creative and technology companies. It is intended that the TSSG/ ArcLabs facility, a joint venture between Kilkenny County Council and the Institutes of Technology in Waterford (WIT) and Carlow (IT Carlow), will be located in the new third level campus facility. (pg 39)

see <https://www.localenterprise.ie/Kilkenny/News/Press-Releases/Local-Economic-Community-Plan-2016-2021.pdf>

I would be grateful if you could furnish me, as required under the Freedom of Information Act 2014, **a electronic copy of any and all communication between Department of Education and Skills and Kilkenny County Council related to a new third level campus facility at Smithwick's Brewery site, Kilkenny City.**
