Dear [REDACTED]

I refer to your recent request you made under the Freedom of Information Act 2014 for records held by this Department.

1. An itemised list of all expenditure for the recent department trade mission to China including accommodation, flights other travel and subsistence for the Minister and any other official or guests of the Department who travelled with him
2. The cost of flight changes for the Minister to fly home earlier than expected because of the ASTI dispute

I Mary Whelan, Executive Officer have now made a final decision to part grant your first category. As this was an Enterprise Ireland Trade Mission part of the accommodation costs in the first category stated above and all of the second category is for Enterprise Ireland.

All of the records held by this Department in relation to costs are contained in the attached spreadsheet.

Kind regards,

Mary Whelan
Executive Officer
