Subject: Trim Educate Together National School

Dear Sir/Madam,

Please find below a request under the Freedom of Information Act 2014.

Any and all information, records, reports, documents, letters, emails, minutes, planning notes, briefing for internal and external audiences, ministerial advice and communication records, held by the department in relation to the moving of Trim Educate Together National School from it's current site in the Glebe, Kildalkey Road, Trim, County Meath to it's proposed new location on the site of the former St Marys National School in Patrick Street, Trim, County Meath.

Please also include any and all correspondence between the department or ministers and the Schools board of Management and it's Patron. It Would be helpful to have all records from April 2013 to present day. It is likely that the section of the department that deals with Schools and Colleges building works will be the most relevant to this request.

Regards,

●
