Leibhéal	Cur síos	Sampla de na téarmaí tuairisciúla
An-mhaith	Úsáidtear <b>An-mhaith</b> áit a bhfuil cáilíocht na réimsí a ndéantar meastóireacht orthu ar chaighdeán an-ard. Ní bhíonn tionchar rómhór ag an líon beag réimsí atá le feabhsú ar cháilíocht an tsoláthair ar an iomlán. Do roinnt scoileanna sa chatagóir seo cáilíocht an tsoláthair ar a rinneadh meastóireacht <b>thar cionn</b> agus is sampla é do scoileanna eile de shárchaighdeán soláthair.	An-mhaith; ar cháilíocht an-ard; cleachtas an-éifeachtach; le moladh go hard; an-rathúil; beagán réimsí le feabhsú; go hiontach; ar chaighdeán an-ard. Ar fheabhas: thar cionn; ar sárchaighdeán; le láidreachtaí antisuntasacha; thar barr
Maith	Úsáidtear <b>Go maith</b> áit inar léir go bhfuil na láidreachtaí sna réimsí a ndéantar meastóireacht orthu níos treise ná na réimsí ina bhfuil gá le feabhas a dhéanamh. Bíonn tionchar ag na réimsí ina bhfuil gá le feabhas a dhéanamh ar cháilíocht foghlama na ndaltaí. Ní mór don scoil tógáil ar a cuid láidreachtaí agus gníomhú le dul i ngleic leis na réimsí atá aitheanta ina bhfuil gá le feabhas a dhéanamh d'fhoinn caighdeán <b>an-mhaith</b> a bhaint amach.	Go maith; cáilíocht mhaith; fiúntach; cleachtas éifeachtach; inniúil; úsáideach; inmholta; caighdeán maith; roinnt réimsí le feabhsú
Sásúil	Úsáidtear <b>Sásúil</b> áit a bhfuil cáilíocht an tsoláthair sách maith. Tá na láidreachtaí sa mhéid ar a bhfuil meastóireacht á dhéanamh díreach níos treise ná na laigí. Cé nach mbíonn drochthionchar suntasach ag na laigí cuireann siad srian le cáilíocht na n-eispéireas foghlama agus ba chóir déileáil leo d'fhoinn caighdeán níos fearr a bhaint amach.	Sásúil; sách maith; soláthar oiriúnach cé go bhfuil féidearthachtaí ann le feabhas a dhéanamh; leibhéal cáilíochta inghlactha; is gá feabhas a dhéanamh i réimsí áirithe
Measártha	Úsáidtear <b>Measártha</b> áit, in ainneoin go bhfuil roinnt láidreachtaí sna réimsí a ndéantar meastóireacht orthu, go bhfuil níos mó easnaimh nó laigí ann freisin ná na láidreachtaí. Beidh ar an scoil dul i ngleic le heasnaimh áirithe gan mhoill lena chinntiú go mbíonn an soláthar sásúil níos fearr ná sin. During this inspection, the inspectors evaluated and reported under the following headings or areas of enquiry:

1. The Quality of pupils' learning
2. The Quality of teaching
3. The quality of support for pupils' well-being
4. The quality of leadership and management
5. The quality of school planning and school self-evaluation

Inspectors describe the quality of each of these areas using the Inspectorate's quality continuum which is shown on the final page of this report. The quality continuum provides examples of the language used by inspectors when evaluating and describing the quality of the school's provision in each area.

The board of management was given an opportunity to comment in writing on the findings and recommendations of the report, and the response of the board will be found in the appendix of this report.

During the inspection visit, the following checks in relation to the school's child protection procedures were conducted:

1. The name of the DLP and the Child Safeguarding Statement are prominently displayed near the main entrance to the school.
2. The Child Safeguarding Statement has been ratified by the board and includes an annual review and a risk assessment.

### **SCHOOL CONTEXT**

Gaelscoil Liatroma is a co-educational Gaelscoil under An Foras Patrúnachta. There are five mainstream classes and a total of 133 pupils enrolled. The school has two special educational needs teachers (SEN), one of these posts had not been filled at the time of the evaluation. Pupil attendance overall is very good.

### **SUMMARY OF MAIN FINDINGS AND RECOMMENDATIONS:**

#### **FINDINGS**

- The quality of pupils' learning and achievement are very good in literacy and numeracy in particular and they are achieving an excellent standard of Irish.
- Overall, there is a very high standard of teaching and some excellent practices; teachers use very effective approaches; there is scope to promote differentiation at class level.
- The quality of learning experiences provided are very good; early immersion strategies as well as total immersion in all subjects are most successful.
- Support for pupils' wellbeing is of a good standard.
- Management and leadership are generally good with significant strengths in certain areas; the allocation and use of teaching resources for pupils with SEN are not in line with the Department's provisions.
- Highly commendable work has been undertaken at whole-school level in the development of immersion education as part of the school self-evaluation (SSE) process and praiseworthy results were achieved in literacy and numeracy; neither parents nor the board are central to the SSE process.

#### **RECOMMENDATIONS**

- The board of management needs to ensure that the school adheres to the provisions of Circular 0013/2017 regarding the allocation of special education needs teaching.
- Differentiation needs to be promoted as part of teachers' planning.
- The role of parents and the board should be developed in the school self-evaluation process.

## DETAILED DECISIONS AND RECOMMENDATIONS

### **1. THE QUALITY OF PUPILS' LEARNING**

- The quality of pupils' learning is very good overall. In the lessons observed pupils' learning outcomes were of a high standard. They are very active, engaged and participate readily in learning activities. A wide range of valuable learning opportunities is provided in class and in the school environment.
- The pupils' spoken, reading and writing skills in Irish are significant strengths in learning. Pupils' listening and participation skills are skilfully developed through play as part of the programme *Aistear: The Early Childhood Curriculum Framework* in the junior section. In every class, pupils have the ability to understand, give explanations as well as give their own opinions confidently. Pupils in the senior classes can repeat stories in their own words and both ask and answer questions based on the stories. They read fluently and accurately and their comprehension skills are very good. The pupils employ a wide range of vocabulary in their written efforts across various genre in both languages and approach the spelling of Irish with confidence. Projects through Irish in various subjects on the curriculum have shown praiseworthy written results, especially in the middle and senior classes and pupils have confidence in describing and discussing the projects through Irish. In Mathematics, the pupils are very capable in their understanding of concepts and this includes mental arithmetic.
- Pupils have a very good knowledge of artistic techniques and it is clear from their art folders and examples of work displayed that artistic skills are being very well developed. The pupils are able to use appropriate vocabulary in response to their visual art experiences. They recognise important aspects of design and can describe some of the creative process involved in the strands *Clay; Building; Fabric and fibre and Paint and colour*. Pupils have excellent opportunities to work as scientists, taking part in practical activities and research in safety both in small groups and individually. They engage in helpful reflection on their own learning and they record the main facts and skills acquired.
- Pupils show a very good understanding of music and singing; this learning accords very well with the Irish cultural environment which has been created in the school. Pupils' participation in various learning experiences is praiseworthy and they have received many awards; for example in debating, sport and the environment. Pupils' achievements in standardised tests are of a very high standard overall. In the Inspectorate questionnaires, a majority of pupils agreed that they enjoy lessons and learning.

### **2. QUALITY OF TEACHING**

- The quality of teaching is of a very good standard with some examples of excellent practice. Teachers' approach to teaching is very effective and they provide successful learning experiences towards achieving learning objectives especially in literacy, numeracy, Science and Art. Good use is made of concrete materials as well as information and communications technology (ICT) as teaching supports.
- All teachers provide very effective learning experiences by using accurate and rich language expressions in their teaching. They provide a cognitive and social academic language input so as to give the pupils high quality experiences of various aspects of the language in enriched language environments. Teachers are aware of good teaching approaches which effectively link language and subject acquisition in a coherent manner.

- The standard of planning is generally comprehensive in most classes but the differentiation needs to be defined in a few classes for the differing abilities of pupils. The *Primary Language Curriculum* (2015) is in use as a guide to identify pupils' learning outcomes across the language strands of oral, reading and writing. The whole school planning for the total immersion programme along with appropriate subject terminology is a very successful guide to individual planning and application of the curriculum at every class level.
- Group work and differentiated approaches are implemented well; however differentiated teaching approaches should be used to address the needs of all pupils in a small number of classes. Team teaching and co-operative teaching would help develop differentiated approaches in each class.
- The quality of assessment is very good including a tracking system which clearly shows continuous progress of pupils. The quality of teaching of pupils with special educational needs is of a high standard. Pupils are identified according to *The Continuum of Support* and some teachers' plans contain excellent profiles of students' needs. There is use of a wide range of assessment tests, including diagnostic tests, in order to identify pupils' difficulties. Currently it is not clear that the pupils with the greatest needs are receiving the required provision. Clearer guidelines are needed regarding the provision of special education in the school.

### **3. THE QUALITY OF SUPPORT FOR PUPILS' WELL-BEING**

- The quality of support for students' well-being is very good. The teachers organise several worthwhile activities both co-curricular and extracurricular. Pupils take part in drama, concerts, poetry competitions, singing and debates. Specific attention to developing pupils' self-confidence is evident. Teachers show particular kindness and care in their interactions with pupils. Pupils are given many opportunities to share their talents with the school community and express their ideas through school-based projects. The establishment of a pupils' council would be worthwhile in order to increase the pupils' leadership skills towards school development. A majority of pupils agreed in the Inspectorate questionnaires that they like school and that it is a good school.

### **4. QUALITY OF LEADERSHIP AND MANAGEMENT**

- The quality of leadership is generally effective with significant strengths in certain aspects. Leadership within the school effectively promotes a vision of the school as a Gaelscoil and every teacher is involved in achieving this vision. The board supports continuous learning and professional development to meet the particular needs of staff in an Irish-medium school. The principal and board promote a co-operative relationship with staff, and teachers are diligent in carrying out their responsibilities. However, the board of management needs to review the allocation of resources to support pupils with SEN in order to ensure that the school complies with Circular 0013/2017 regarding the allocation of teaching provision for special educational needs.
- The principal's work is of a high standard and she fulfils her instructional leadership role in a praiseworthy manner. She arranges regular meetings with regard improvements such as learning and activity developments as well as actions designed to improve the standard of education through Irish. All staff are involved in these meetings. The principal is particularly dedicated to the Irish language and she fosters and promotes a supportive and encouraging environment amongst staff for the delivery of education through the medium of Irish.

- The acting deputy-principal supports the principal's work in a very capable manner. She fulfils her duties regarding organisational policy and school curriculum development most efficiently, she guides the staff very effectively towards achieving a high standard of results. She supports reflective practices and promotes a culture of improvement during staff meetings. She provides and manages a very effective mentoring programme in the school to support newly qualified teachers in their role.
- Communication between the school and the parents is very good. The school nurtures a spirit of good communication with parents/guardians through clear, proactive and helpful feedback on pupils' progress. In the Inspectorate questionnaires, most of the parents agreed that there is a good atmosphere in the school; that teaching is good and almost all agreed that they felt they were welcome in the school.
- The school accepts applications from providers of Initial Teacher Education (ITE) and arranges placements for student teachers on ITE programmes, supporting them in gaining experience of a teaching and learning environment through the medium of Irish.

## **5. THE QUALITY OF SCHOOL PLANNING AND SCHOOL SELF-EVALUATION**

- The quality of school self-evaluation (SSE) is very good in the areas of promotion of accuracy of usage in the language and the enrichment of pupils' vocabulary. It is having a very positive effect on pupils' correct use of language structure and syntax. Teachers work together to identify areas for improvement and have organised some very worthwhile approaches in the implementation of total immersion education in the school.
- The principal and acting deputy-principal guide collective practice among the teachers in a very competent manner in order to identify cross-language pedagogies which are appropriate and can be transferred and implemented in both languages so as to strengthen key learning strategies in a co-ordinated manner. The school has achieved excellent results in literacy and numeracy based on a whole school approach to school self-evaluation. School improvement reports have been created and parents receive an annual report.
- A strengthening of board and parental participation in school self-evaluation is recommended.

## THE INSPECTORATE'S QUALITY CONTINUUM

Inspectors describe the quality of provision in the school using the Inspectorate's quality continuum which is shown below. The quality continuum provides examples of the language used by inspectors when evaluating and describing the quality of the school's provision of each area.

Level	Description	Example of descriptive terms
<b>Very good</b>	<b>Very good</b> applies where the quality of the areas evaluated is of a very high standard. The very few areas for improvement that exist do not significantly impact on the overall quality of provision. For some schools in this category the quality of what is evaluated is <b>outstanding</b> and provides an example for other schools of exceptionally high standards of provision.	Very good; of very high quality; very effective practice; highly commendable; very successful; few areas for improvement; exceptional; of high standard. Excellent; outstanding; exceptionally high standard, with very significant strengths; exemplary
<b>Good</b>	<b>Good</b> applies where the strengths in the areas evaluated clearly outweigh the areas in need of improvement. The areas requiring improvement impact on the quality of pupils' learning. The school needs to build on its strengths and take action to address the areas identified as requiring improvement in order to achieve a <i>very good</i> standard.	Good; good quality; valuable; effective practice; competent; useful; commendable; good standard; some areas for improvement
<b>Satisfactory</b>	<b>Satisfactory</b> applies where the quality of provision is adequate. The strengths in what is being evaluated just outweigh the shortcomings. While the shortcomings do not have a significant negative impact they constrain the quality of the learning experiences and should be addressed in order to achieve a better standard.	Satisfactory; adequate; appropriate provision although some possibilities for improvement exist; acceptable level of quality; improvement needed in some areas
<b>Fair</b>	<b>Fair</b> applies where, although there are some strengths in the areas evaluated, deficiencies or shortcomings that outweigh those strengths also exist. The school will have to address certain deficiencies without delay in order to ensure that provision is satisfactory or better.	Fair; evident weaknesses that are impacting on pupils' learning; less than satisfactory; experiencing difficulty; must improve in specified areas; action required to improve
<b>Weak</b>	<b>Weak</b> applies where there are serious deficiencies in the areas evaluated. Immediate and coordinated whole-school action is required to address the areas of concern. In some cases, the intervention of other agencies may be required to support improvements.	<b>Weak</b> ; unsatisfactory; insufficient; ineffective; poor; requiring significant change, development or improvement; experiencing significant difficulties;
